

# BEECH OVENS™

WORLD LEADER IN SPECTACULAR COOKING EQUIPMENT

# BEECH DUCK OVENS

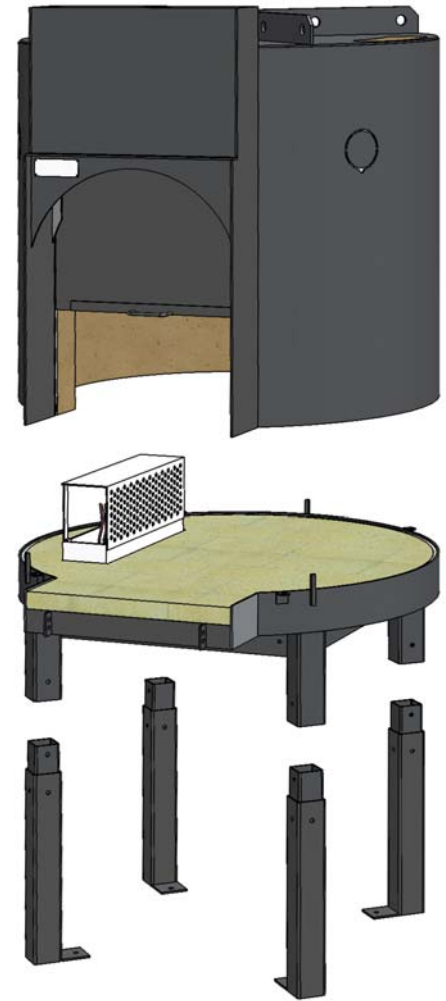

Beech Ovens is part of The Middleby Corporation. Located in Brisbane Australia, we supply standard and customised equipment to the luxury hotel/restaurant market world-wide. As World Leader in Spectacular Cooking Equipment, we specialise in wood and gas products and our Beech Stone Hearth Oven comes with a four year unconditional guarantee, the longest offered in the industry.

Beech Ovens' extensive experience in reengineering traditional culinary techniques brings the ancient cooking style of the Peking duck oven into the modern kitchen.

The Beech Duck Oven recreates the essence and unique cooking ability of the Peking duck oven ensuring ducks are cooked to perfection, with the succulent roast meat remaining moist and juicy while the skin remains deliciously crispy.

This exceptional oven has a range of features including a sliding adjustable door to ensure a consistent even temperature is maintained at all times, and internal ceiling rails on which to hang the meat. A gas system is incorporated into the oven for convenience, while enabling the use of a wood fire for flavour enhancement and visual appeal.

The Beech Duck Oven is also versatile. When not used for roasting duck, the water filled drip trays can be removed allowing other dishes, such as pizza and vegetables to be cooked on the stone hearth floor.

## FEATURES AND ACCESSORIES

- Robust design and patented manufacturing style for enhanced durability
- Heat and energy efficiency for superior cooking
- Maximum use of oven space
